

Investing for Success

Under this agreement for 2022 Mount Archer State School will receive

\$420 000*

This funding will be used to

- Ensure all students have access to high quality curriculum programs which support their differentiated learning needs.
- Ensure the school targets set in the 'Gauges for Success' document are achieved.
- Implement targeted intervention learning programs to support all students requiring support in an inclusive environment.
- Develop a comprehensive planning process to ensure students access the Australian Curriculum in an engaging pedagogical program.
- Further enhance the development of creating an environment for Positive Learning Behaviours.
- Align data collection devices (Literacy Continuum) to classroom support programs.

Our initiatives include

- Build capability in teachers to implement the Australian Curriculum through a clear and sequenced curriculum, assessment and moderation plan through professional collaboration.
- Develop clear processes of pedagogies to meet the needs of the students.
- Build capability of teaching staff around inclusive practices through collaborative work.
- Implement coaching and responsive professional learning for leadership team to enhance capabilities.
- Provide additional Teacher aide support to maximise intervention support.
- Implement data inquiry processes to build teachers' ability to interpret data and apply to effective teaching practices.

Our school will improve student outcomes by

Human Resources to build Capability and support

- Employment of teachers \$ 310 000
- Teacher aide time \$ 100 000

Professional learning to support strategies outlined above

- Purchasing resources to support projects \$ 10 000
